

County action plan template

This county action Plan template is based on a 3-year plan. It is not expected that the 3 years will be mapped out in full detail - it is suggested that year 1 actions are set out in detail, year 2 in outline and year 3 indicates what you think you will do but it is acknowledged that this may alter as circumstances change in your county.

The topics covered by the plan template are based on the headings in the 'Responsibilities of the County Executive Committee' table.

Girlguiding Scotland's expectation is that there will be a minimum of 5 targets to be included in the county action plan in each year. It is therefore recognised that the plan may not have an action under each of the headings every year. However, some counties will at least initially require more actions in order to implement the changes required to deliver on the requirements outlined in the table of 'Responsibilities of the County Executive Committee' and these should be included here.

If you have a separate membership plan for your county then under 'Membership Growth' you can say 'implement actions as detailed in membership plan rather than list actions already covered there again in this plan.

As part of your facilitated sessions or the merging/joining of counties you will be developing a county action plan. If you have any questions about governance in your county, please get in touch on governance@girlguiding-scot.org.uk.
