

2024 subscription fees

Each year around 22 February, Girlguiding asks every member (volunteers and girls) to pay a 'subscription' membership fee. Without subscriptions, we couldn't continue to support our incredible volunteers to help all girls know they can do anything. The overall sum a member will pay is divided into different charges, Girlguiding HQ sets a charge, as does Girlguiding Scotland and your county, district or division. This makes up the full subscription amount you pay annually.
